MEERUT INSTITUTE OF TECHNOLOGY

Internal Quality Assurance Cell (IQAC)

Establishment and Monitoring of the Internal Quality Assurance Cell (IQAC)

About

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. The IQAC will become a part of the institution's system and work towards quality enhancement and sustenance.

The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. It will channelize all efforts and measures of the institution towards promoting its academic excellence.

Meerut Institute of Engineering and Technology (MIET) Group was established in 1997 as self-financed Institute affiliated with state technical University of Uttar Pradesh. In the past 20 years, it has come up as Institute of repute, imparting quality education in the field of Engineering, Management, Pharmacy, Computer applications and allied sciences.

MIT, Meerut was established in 2007 being promoted for keeping the cardinal principles of MIET Group of Institutions in view of academic excellence, in serene calm environment, state of the art laboratories equipped with all facilities, are its hall mark.

As per the guidelines of UGC-NAAC Internal Quality and Assurance Cell (IQAC) has been established at MIT, Meerut campus to continuously monitor and develop better quality education system within the campus.

Objectives of IQAC

- To promote measures for institutional functioning towards quality enhancement.
- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- Improving quality of research and academic programs.
- Optimization and integration of modern methods of teaching and learning.
- Ensuring the maintenance and proper allocation of support structure and services.

Functions of IQAC

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes
- Dissemination of information on various quality parameters of higher education
- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles
- Documentation of the various programs/ activities leading to quality improvement
- Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices
- Development and maintenance of institutional database through MIS for the purpose of maintaining/ enhancing the institutional quality
- Development of Quality Culture in the institution
- Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC
